

Use Case – Leading e-commerce portal

Digital solution for Procurement increased efficiencies and reduced costs.

“We realized that we were loosing a lot of money because of an inefficient Source to Pay process. With OPL we are able to not only keep track of and reduce spend but also ensure better compliance with policies.”

- Head of Digital Initiatives, Vendor Management.

PROBLEM STATEMENT

Paper based Vendor Registration

Lack of standard PO system

Vendor information not available business-wide

Vendor payment approval process not streamlined and manual-intensive

OUR SOLUTION

Enhanced procurement process

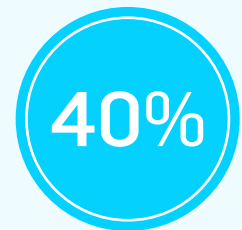

Digital Vendor Onboarding.

Central repository for all vendor information.

AP Process Streamlined with Digital Approvals.

Standardized PO system with analytics.

AFTER RESULTS

Increase in efficiency.

11% annual discounts.

Become a part of the One Paper Lane digital revolution
